

## Welcome to Barry Camera Club

Welcome to the Barry Camera Club programme for 2010/11 - our 110th year!

Based at the St. Francis Millennium Centre, Barry Garden Suburb, our venue offers all members and guests a wide and varied programme in comfortable surroundings.

Our members use a wide range of techniques for their photography - digital, film and all points in between. We welcome photography in all its forms and lively debates between members about the relative merits of each format occur. The important point is that we don't discriminate; all formats are welcome, as are all levels of experience - if you're just starting out you're as welcome as if you've been taking photographs since Fox Talbot was a boy.

Our aim is to encourage and stimulate our members, young and old to learn more about the art of photography by providing a programme of well chosen lectures and practical sessions throughout the season.

Of course, one of the best ways to improve is to practice and compare with others. For this reason, we have monthly club competitions, as well as competing in local and national events, allowing members to get a wider audience for their work and invaluable comments from highly experienced judges about how to improve their work.

Prospective members are invited to come along for up to three evenings before joining; we charge £1.50 each night to cover refreshments and the hall hire. You will have a warm welcome and a friendly atmosphere.

We look forward to seeing you!
